About Us

Abdullah Al Qurshan Al-Qarni Law Firm and Consultants is a licensed law firm by the Ministry of Justice with license number (١٣٩/٥٦٢). We specialize in the field of law, providing legal and Shariah consultations. The founder of the firm has extensive criminal and judicial experience spanning over thirty years. The firm is staffed by qualified national professionals who - by the grace of God- possess extensive legal knowledge and expertise.

Services

Consulting Services

- Providing legal and legitimate consultations based on the requirements of the entity.
- Providing legal and legitimate advisory services in the field of administrative contracts (competitions or direct procurement) in accordance with the Competition and Government Procurement System and its executive regulations.
- Providing legal and legitimate advisory services related to administrative decisions.
- Providing legal and legitimate advisory services in the field of leasing, renting, and investment contracts for real estate, in accordance with the State Property Lease and Eviction System and its executive regulations.
- Drafting, organizing, and reviewing contracts for construction, execution, engineering supervision, design, maintenance, supply, and service contracts.

Preparation and Drafting of Contracts

- Providing systematic and Sharia advisory services concerning transactions and contracts of various types.
- Studying commercial contracts, and exclusive agencies for international companies, distribution contracts, and franchise contracts.
- Providing legal advice on auditing and organizing the formulation of such contracts, taking into consideration the provisions and decisions related to the local regulations in the Kingdom, as well as international systems and laws governing international trade and emerging regulations.

Real Estate

- Handling real estate-related lawsuits in the Kingdom requires a highly specialized and sensitive approach, as it necessitates cumulative knowledge of procedural details and historical background that can only be acquired through continuous practice and careful observation.
- Drafting and organizing contracts for construction, execution, engineering supervision, and design of centers and buildings in a manner that ensures the protection of the interests of both parties involved in the contract.
- Drafting and organizing contracts for sale, transfer, and lease agreements.
- Initiating legal proceedings to reclaim rights typically associated with this aspect.

Arbitration Cases

- Conducting arbitration proceedings between individuals or companies in commercial and civil matters.
- Preparing arbitration documents and response memoranda.

Financial Market Issues

- Providing legal consultations in the financial market, including the application of financial market regulations in investment funds and securitization.
- Advocacy before the Dispute Resolution Committee at the Capital Market Authority.
- Acting as an intermediary before the Capital Market Authority.

Administrative Issues

- Representing clients before government entities and the Grievances Board to seek compensation for administrative contracts
- Claiming financial demands before government agencies regarding administrative contracts.

Labor System and Employment Relations

- Providing comprehensive legal consultations related to employment contracts.
- Drafting individual and collective employment contracts, if desired.
- Advocating in labor disputes.

Estate Settlement

- Settling and dividing estates and handling various estate assets.
- Managing and liquidating estates and companies until they are legally and lawfully settled.

Wills and Endowments

- Drafting wills and endowment deeds in accordance with legal and regulatory requirements.
- Drafting and preparing regulations and appendices specific to endowments, associations, or family funds.
- Structuring endowments.

Insurance

- Reviewing insurance policies and contracts issued by insurance and reinsurance companies to ensure a legal and legitimate framework that protects the rights of all parties involved.
- Providing consultations in disputes arising from the implementation of insurance contracts.
- Initiating legal proceedings with relevant authorities in case of damage or loss.

Companies and Enterprises

- Providing legal consultations encompassing all fields related to relevant regulations.
- Establishing companies and structuring their operations.
- Handling mergers, acquisitions, and related agreements.
- Conducting company establishment procedures for various types of companies, whether they are Saudi, foreign, or fall under the Foreign Investment Law, and providing all relevant legal services.
- Providing services related to general assemblies of companies.
- Registering names and trademarks.

Commercial Papers

- Providing advice and explaining the optimal way to deal with commercial papers, starting from their drafting and ending with the proper procedures for enforcing rights through them.
- Filing lawsuits with the relevant authorities (commercial dispute resolution offices) and following them up until execution and fulfillment.

Zakat and Tax

- Providing legal advice on matters related to tax and zakat regulations in the Kingdom, including representation before zakat and tax committees.

Rights and Civil Transactions Case

- Financial claims and compensation cases.
- Rental contract cases of all types.
- Engineering construction contract cases.
- Sales contracts and obligations contracts cases.
- Labor cases involving disputes in employment contracts, rights, wages, and insurance.
- Commercial cases involving disputes in commercial transactions or between partners in companies, as well as claims of injunctions and bankruptcy.

Personal Status Cases

- Estate division.
- Proof of marriage, divorce, annulment, and dissolution of marriage.
- Child custody, alimony, and inventory of heirs.
- Proof of endowment, will, and lineage.

Criminal Cases

- Cases of financial embezzlement.
- Cases of assault or harm to individuals.
- Cases of assault or violation of personal dignity.
- Drug-related cases.
- Cases of public indecency.
- Cybercrime cases
- Cases of economic crimes and financial fraud.
